

Trails on the Hoosier N.F.

USDA Forest Service

Hoosier National Forest

8/2011

Welcome to the Hoosier National Forest trail system. Over 260 miles of trails are available for your hiking, biking, or horse riding pleasure. The following table and Forest map found on the reverse side provide a brief description and general location of trail systems found on the Hoosier National Forest.

Etiquette and Rules

Horse riders and mountain bikers 17 years of age and older are required to have a permit. All riders must stay on trails designated for their use. Annual (\$35/year) and day-use (\$5/day) permits are available from our offices and several local vendors.

Please observe the following trail courtesy:

- Mountain bikers yield to horse riders & hikers.
- Hikers yield to horse riders.
- Horse riders control your horse.

Motorized travel on trails is not permitted. Check with the Hoosier National Forest for more details on rules and regulations.

Safety

Be aware of hunting seasons. Blaze orange clothing is recommended (do not wear white) during deer season.

Park your vehicle off the roadway if a parking lot is not available where you wish to access.

Many trails intersect roadways. If you choose to use a road as part of your trip, be mindful of traffic.

For More Information

Additional free information is available for these trails. A topographic map delineating most of these trail systems sells for \$12.79 (includes tax). For specific information contact us:
